DRIVER IDENTIFICATION

RUGGED DRIVER ID WITH READER & MULTIPLE FOBS

Our latest Pro Series Fleet Management Accessory called «Lagos Button» salutes Lagos as one of the biggest cities in the World! Tough and robust like the streets of Lagos, the new design is a result of Tramigo's unique customer and field driven R&D process. Simply outperforming the traditional «Dallas Button» design that the industry knows.

HFK - HANDS FREE KIT

Belong to the proffeional accessory series, our HFK is explicitly designed for Tramigo's T23 Fleet security Pro units, allowing you controlled communication between the fleet management control center or the fleet owner and the drivers.

KEY FEATURES

INCREASE CONTROL OF YOUR DRIVERS

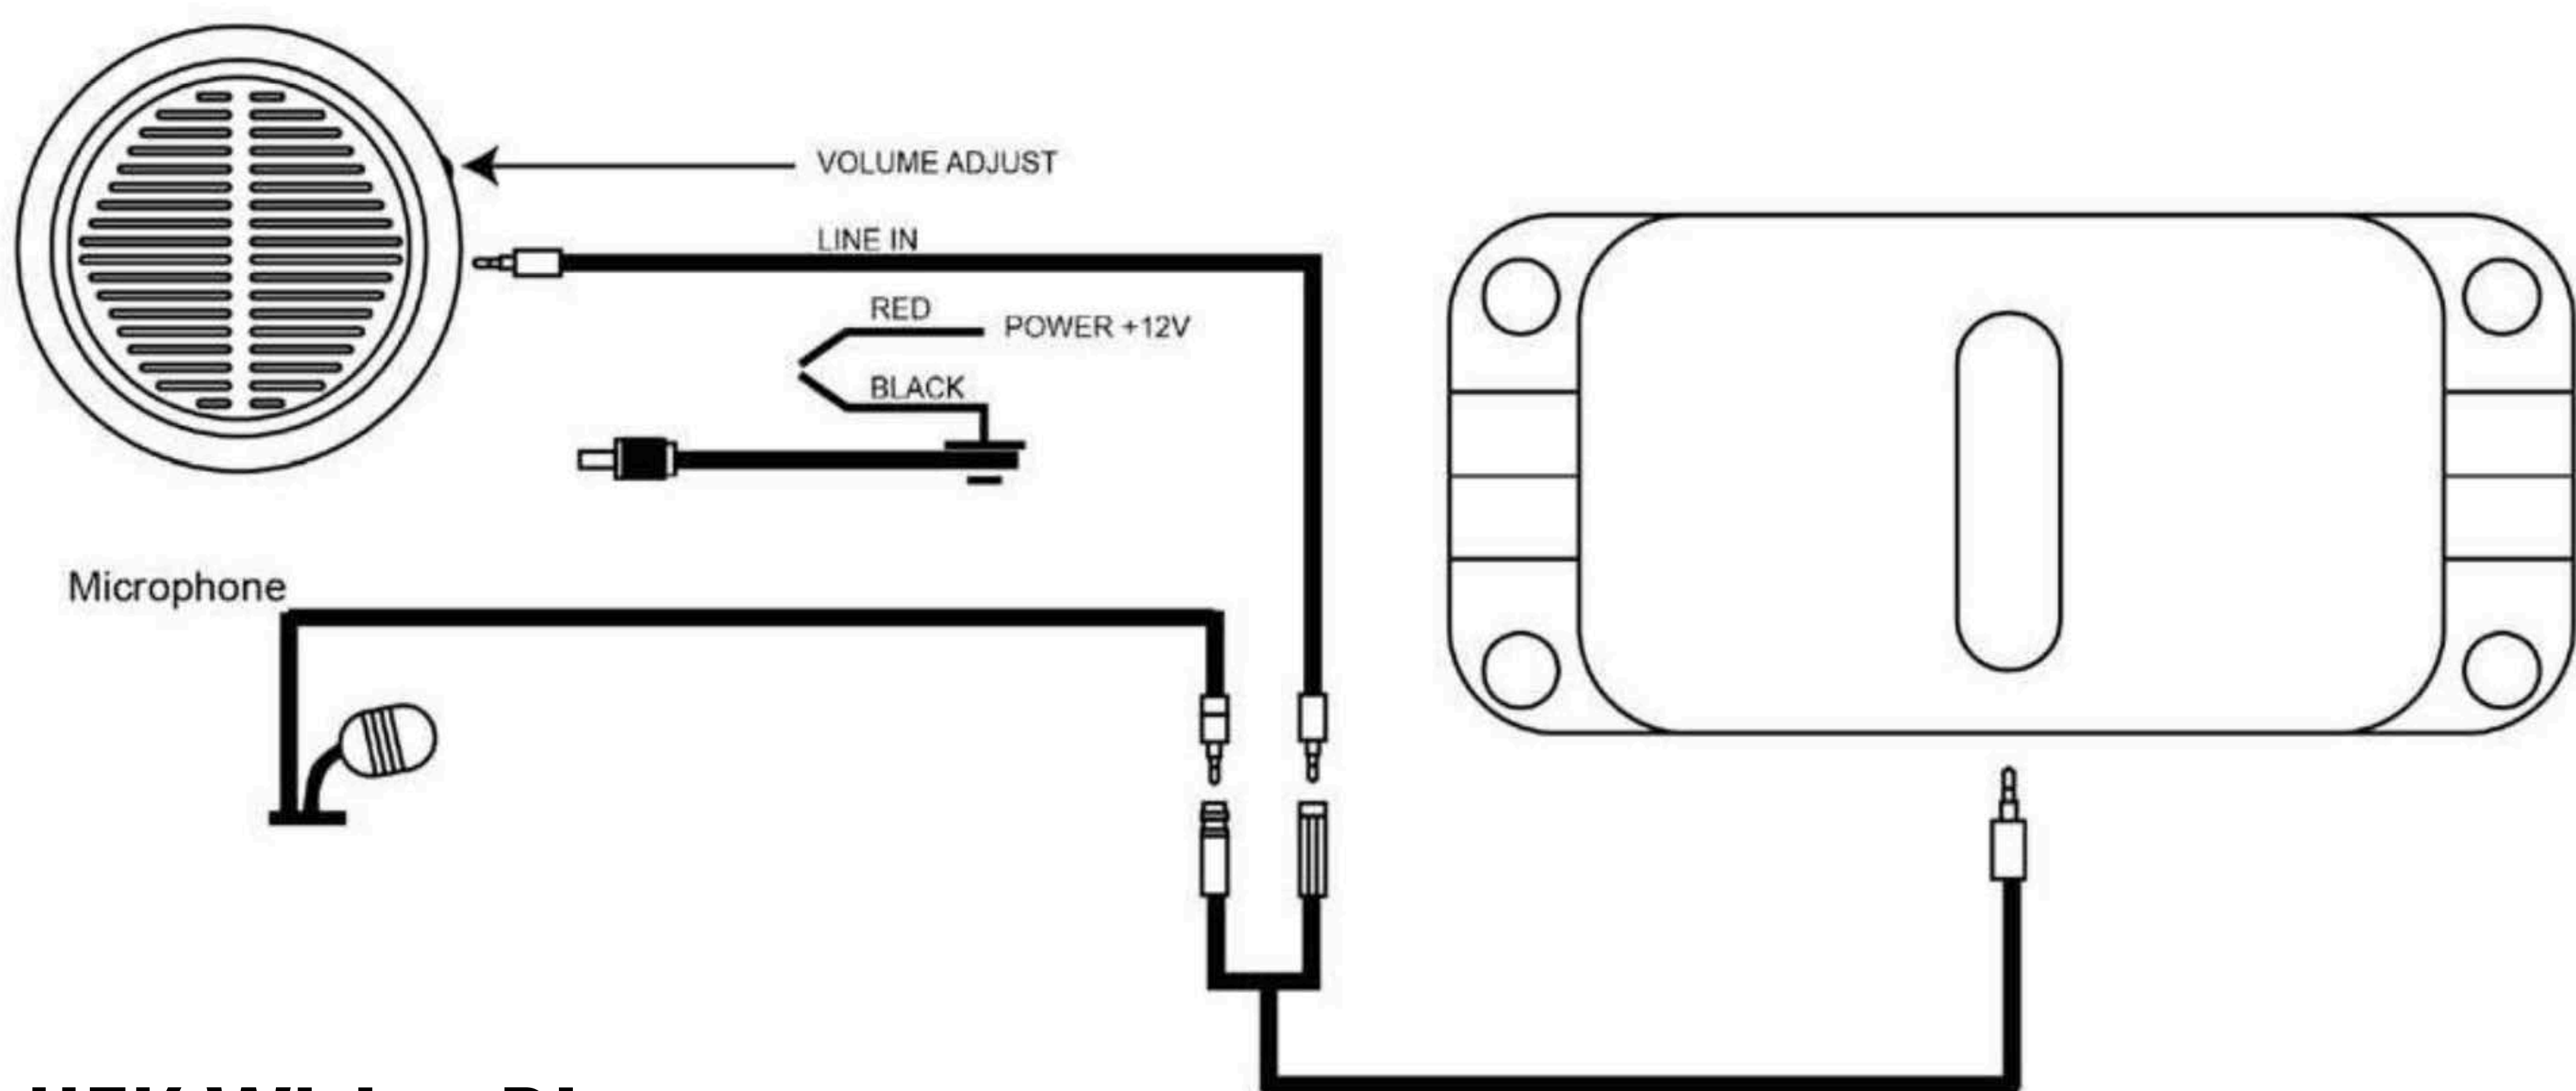

You can always reach your drivers. In case of necessity, the driver can call you or a preset number with a press of a button.

HAVE BACK-UP VOICE ACCESS

The HFK replaces the need to equip your driver with a phone, and ensures audio transmission even in remote area. Covert listening is also available.
