

TRAMIGO

TRACKING & CONNECTIVITY

COMPLETE SOLUTION

TRAMIGO NEMO ASSET TRACKER

TRACK, MONITOR AND SECURE ASSETS AND EQUIPMENT WITHOUT WIRING HASSLES

NEMO gives you reliable tracking with full flexibility, completely wire-free and zero risk to your vehicle's warranty. Get instant alerts when movement is detected, receive tampering notifications, and track live anytime through the Tramigo App. Powered by a long-lasting internal battery, **NEMO** operates independently of your vehicle or equipment's power, keeping you informed even when everything else is switched off.

KEY FEATURES

ACCURATE LIVE TRACKING

Live location updates accurate to within 2 meters

GEOFENCE ALERTS

Instant notifications whenever your assets enter or leave set boundaries

NO WIRING REQUIRED

Simple magnetic attachment, up and running in minutes

LONG BATTERY LIFE

Flexible tracking without dependence on external power sources

MOVEMENT/MOTION DETECTION ALERTS

Get notified when assets or vehicles move unexpectedly

IP65 RATED

Dustproof and water-resistant, built to endure tough conditions

4G WITH 2G FALLBACK

Always stay connected from busy cities to the most remote areas

EMBEDDED MULTI-NETWORK CONNECTIVITY

Always on the best network, seamless tracking across borders

IDEAL FOR

ATV

Boat

Car

Construction machinery

Short-term rentals

High-value equipment

TRAMIGO SOFTWARE

Tramigo offers software solutions which allow you to monitor your assets at your control center or from your mobile devices:

• TRAMIGOAPP

TramigoApp is an easy and secure way to track and monitor your assets anytime and anywhere. TramigoApp allows you to monitor and track your assets, staff, or family directly on your phone. Additional features includes trip reports, usage history reporting, geofence and setting alarms. Available for free on App Store and Google Play.

• TRAMIGOCLOUD

TramigoCloud allows you to track your fleet behind a secure web login and puts a full control center within your reach wherever you go. With centralised updates, the latest features are always immediately available to all of our security-focused customers. TramigoCloud is recommended for fleet management.

TRAMIGO ASSET TRACKER TECHNICAL DATA

PHYSICAL SPECIFICATION	Dimensions	Magnet: 103x71x17mm Device: 99x67x13.7mm
	Weight	105g - without case 155g - with case
GNSS	GNSS	GPS/BDS
	Accuracy	Autonomous: <2m CEP
	TTF	Cold Start: <26s Warm Start: <5s Hot Start: <1s
CELLULAR	Technology	LTE/GSM
	2G bands	GSM: 900/1800MHz
	4G bands	LTE FDD: B1/B3/B5/B7/B8/B20
BLUETOOTH	Sensitivity, 1Mbps	-96dBm
POWER	Back-up battery	3000 mAh (3.7V)
	Charging current	2A

INTERFACE	GNSS antenna	Internal
	Cellular antenna	Internal, GPS/BDS
	Charging port	USB-C
	LED indication	6 status LED lights(4*Power LED,1*Network LED,1*GNSSLED)
OPERATING ENVIRONMENT	SIM	eSIM + nano SIM
	Operating temperature (without battery)	-30°C to +80°C
	Operating humidity	10%-85% RH non-condensing
	Ingress Protection Rating	IP65
