TRACKING & CONNECTIVITY

COMPLETE SOLUTIONS

TRAMIGO SOLUTIONS FOR MISSION CRITICAL TRANSPORTATION

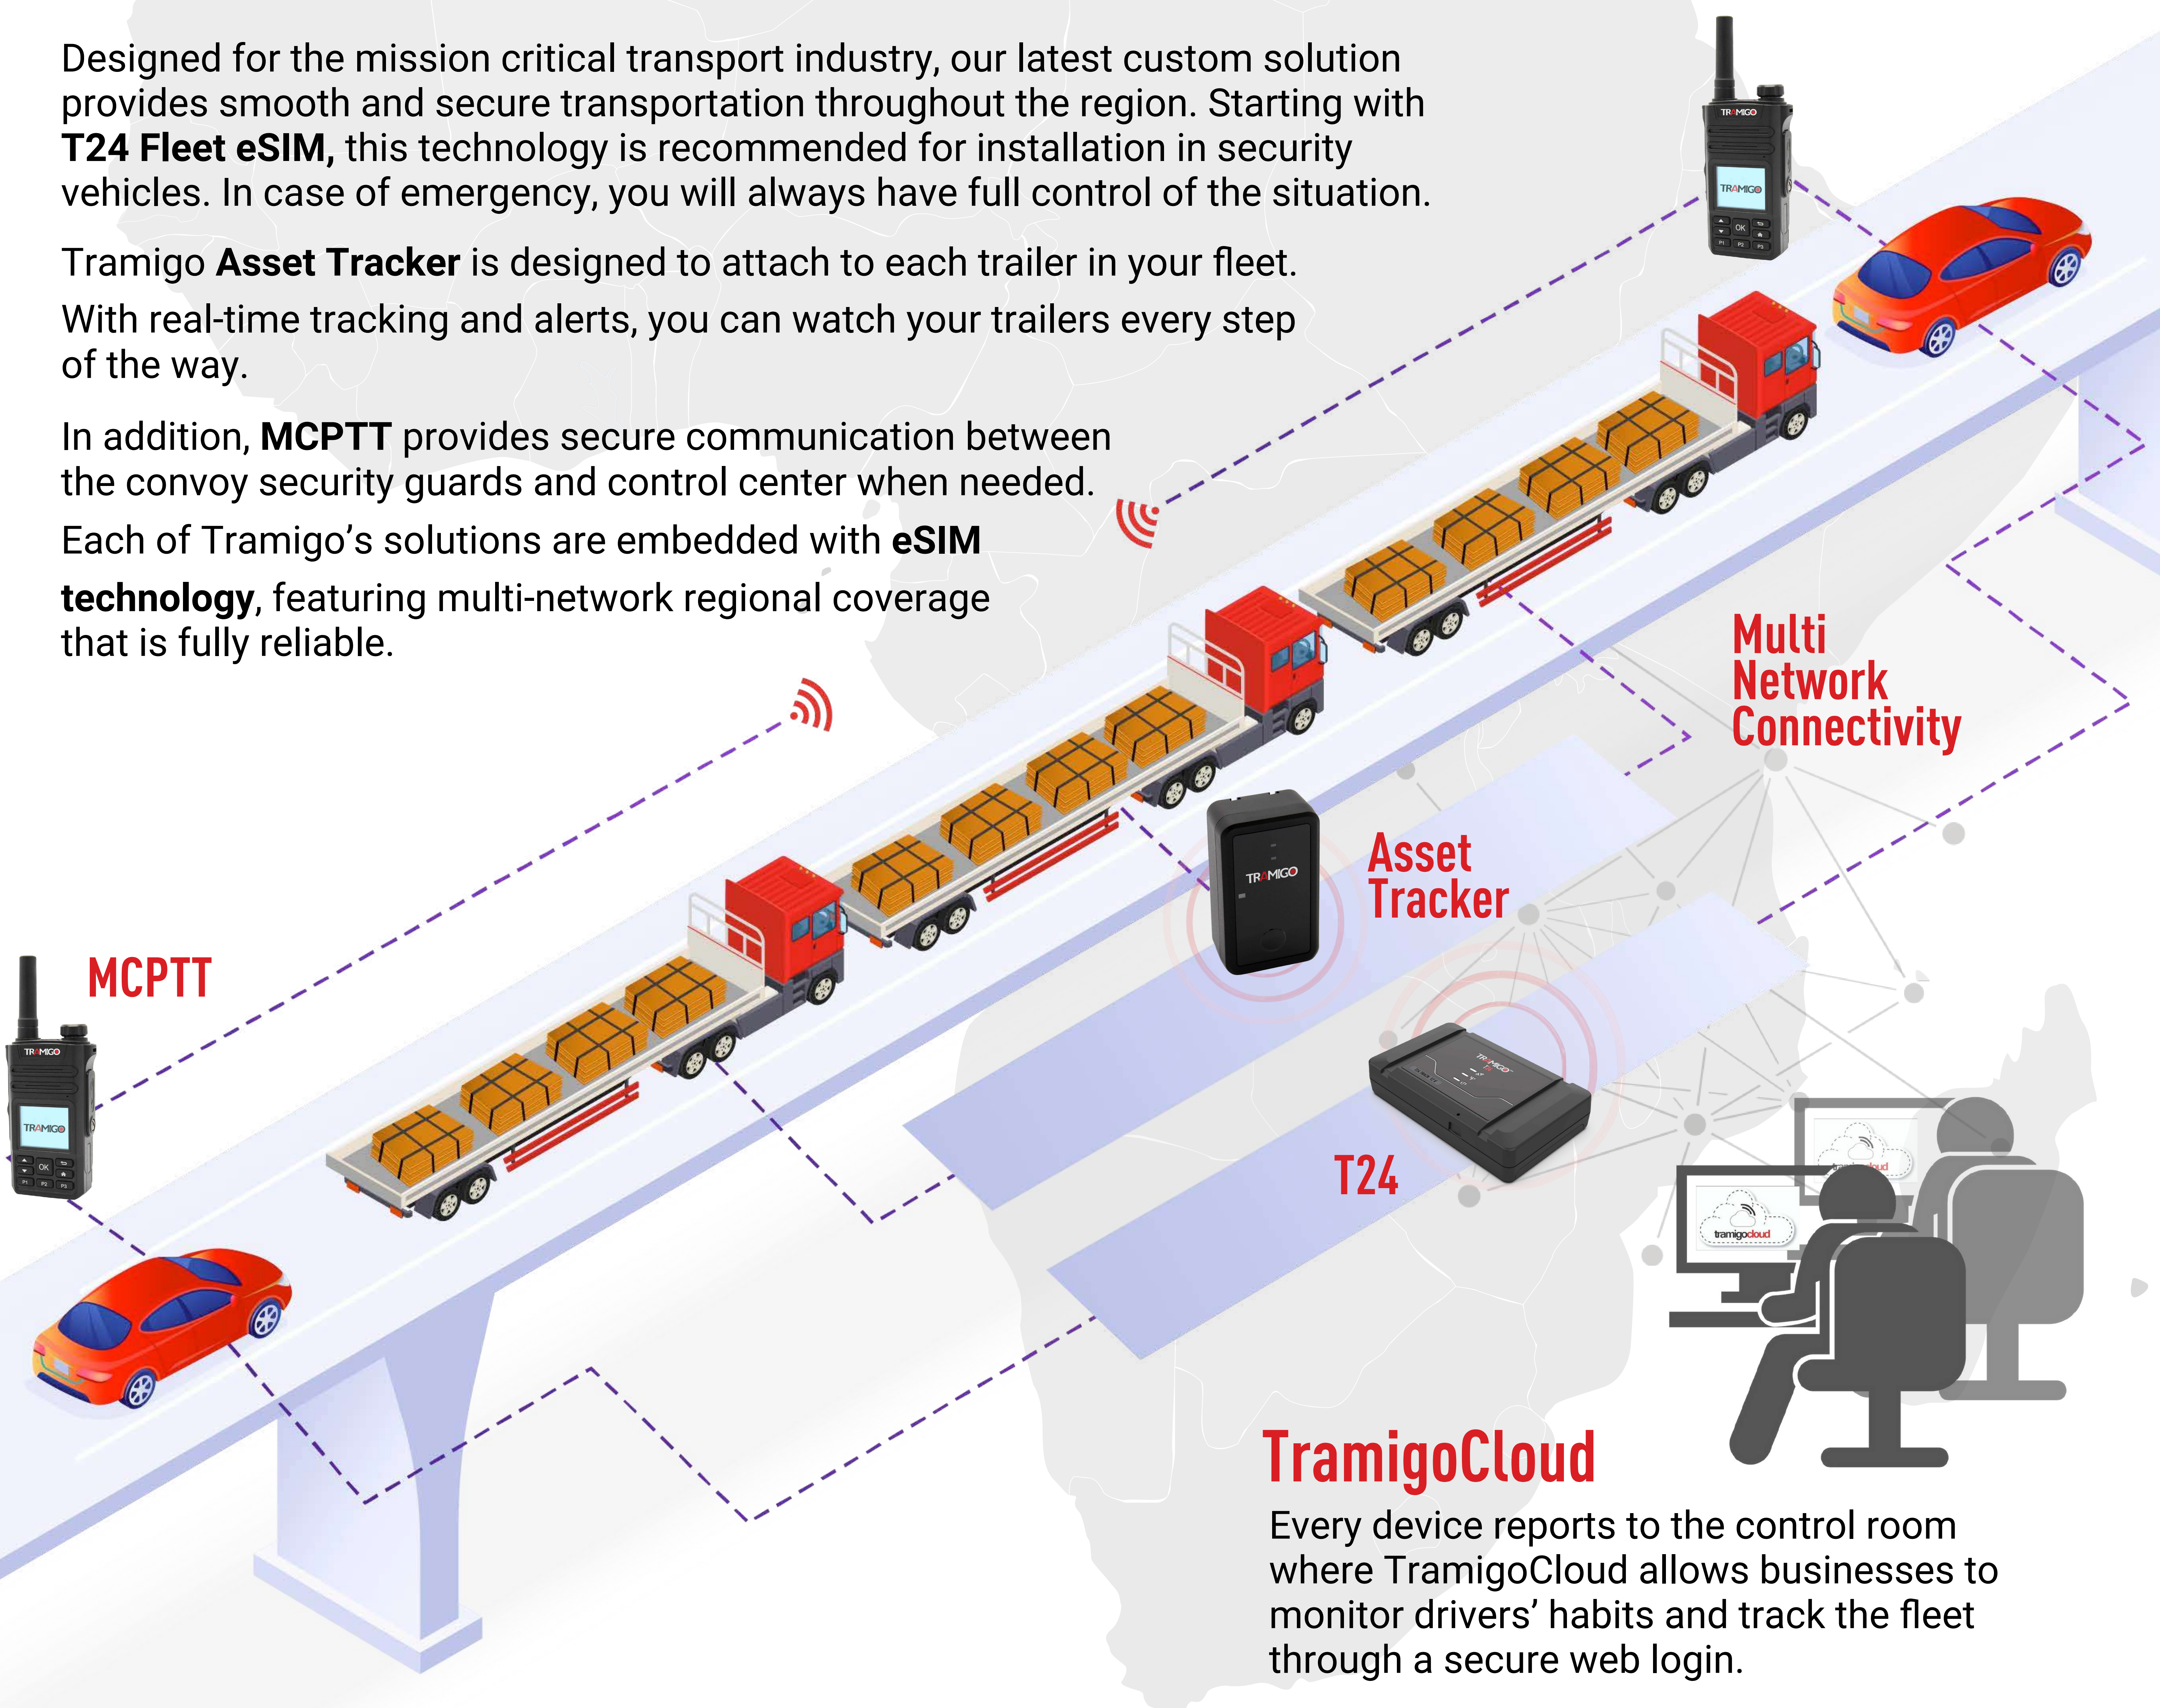

TRI-CONTROL MISSION CRITICAL TRACKING SOLUTION

Designed for the mission critical transport industry, our latest custom solution provides smooth and secure transportation throughout the region. Starting with **T24 Fleet eSIM**, this technology is recommended for installation in security vehicles. In case of emergency, you will always have full control of the situation.

Tramigo **Asset Tracker** is designed to attach to each trailer in your fleet. With real-time tracking and alerts, you can watch your trailers every step of the way.

In addition, **MCPTT** provides secure communication between the convoy security guards and control center when needed.

Each of Tramigo's solutions are embedded with **eSIM technology**, featuring multi-network regional coverage that is fully reliable.

TramigoCloud

Every device reports to the control room where TramigoCloud allows businesses to monitor drivers' habits and track the fleet through a secure web login.

TRAMIGO SOFTWARE

Tramigo offers software solutions which allows you to monitor your vehicles at your control center or from your mobile devices:

MCPTT

Built and designed for **demanding environments**, MCPTT is the latest technology of combined hardware and communication solution. Tramigo MCPTT devices are the basis for efficient, secure and stable team communication, as well as Mission Critical Push-To-Talk functions.

TRAMIGO ASSET TRACKER

The perfect solution to **track any valuable asset** comes with real-time tracking & **automated alerts**, which allow notification on unauthorized movement. Ensure you get alerted and locate any stolen assets quickly to avoid interruption of your work or project.

T24 FLEET eSIM

Tramigo T24 Fleet supports 12v to 24V vehicles with immobilizer allowing you to remotely shut down the vehicle's engine in case of emergency with one click. Comes with a wide range of accessories to accommodate your advance fleet management needs.

TRAMIGOCLOUD

TramigoCloud allows you to track your fleet behind a user-friendly secure web login and puts a full control center within your reach wherever you go. TramigoCloud interface is easy to navigate and enables users to perform tasks with minimum effort and time
